Kinaxis

Waterloo, ON

Re: Co-Op/Intern Software Engineer, AI Platform

Dear Hiring Manager,

I am writing to express my interest in the Co-Op/Intern Software Engineer, AI Platform position at Kinaxis, as advertised. I found this job on LinkedIn. I have a strong background in computer programming and a keen interest in Artificial Intelligence. I am excited about the opportunity to contribute to your company's innovative team.

As an upcoming graduate from George Brown College's Computer Programming program, I have acquired a solid foundation in various programming languages, including Python, and have completed coursework in machine learning and data engineering. Furthermore, my previous work experience has equipped me with practical skills in social engagement, such as effective teamwork and creative problem-solving.

I am particularly drawn to the collaborative and product-centric environment described in the job posting. While I may lack direct industry experience as a college student, my hands-on proficiency is comparable to that of many bachelor's degree holders, and my ability to self-learn enables me to quickly

grasp new concepts. I am eager to utilize my technical skills and passion for innovation to work hard and innovative mindset to contribute to Kinaxis's success.

Thank you for considering my application. I am looking forward to the possibility of discussing how my background and skills align with the needs of your team. You can reach me at (647) 893 4833 or via email at wk020317@gmail.com.

Respectfully yours,

Wong Kaman
